Allowable Subject Matter

1. Claims 1-5 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art fails to disclose or make obvious a probe opening fabricating apparatus for creating an opening with desired dimensions at a mask tip of a near field optical microscope probe comprising, in addition to the other recited features of the claim, light emission means having an abutting surface which comes into abutment against the tip, the light emission means being photoexcited by incident light from a light source, directed via a core to the opening, to thereby emit light from the abutting surface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Yamamoto et al (6,396,050) is cited for disclosing a method for producing a self-emitting optical probe.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kevin Pyo whose telephone number is (571) 272-2445. The examiner can normally be reached on Mon-Fri (with flexible hour), First Mon. off.
